

SPECIALIZED LEARNING GROUPS FOR YOUNG CHILDREN AND THEIR FAMILIES

Families with children who are referred to and/or are receiving service from Ottawa Children's Treatment Centre (OCTC), or who may have a language, and/or motor, and/or social delay in their development, are invited to attend. Consultation with OCTC staff, strategies, resources and information on developmental activities will be available. Come and meet other parents and children (birth to six years, siblings are welcome). Enjoy playtime, circle, crafts and the use of the toy and resource library in a child-friendly safe environment.

Please call the OCTC staff that will be at the site if you have any questions and to ensure there have been no changes. **No registration necessary.**

***Please note: OCTC group facilitators may choose not to attend groups on severe weather days when the road conditions are poor. The groups will remain open and will be facilitated by staff from the host agency only.

All groups will be offered in English and French and facilitated by Staff of OCTC and OEYC.
